RS Pro Hazardous Waste Bags & Ties

RS Stock No.: 694-334

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO Blue Waste Bag is designed specifically for disposal of used absorbents. The slim shape bag is tailor made to fit absorbent pads and socks. The compact size bag prevents the user from overfilling with heavy contents. The used sorbents tend to gain a lot of weight due to the amount of fluid they retain. Using incorrect type of bag may lead to handling issues. The bags are suitable for most industrial fluids, including petroleum and oils. The zip ties secure the bag once waste has been contained.
