

# Neodymium (NdFeB) Adhesive backed disc magnets datasheet

- 3M 486 Adhesive backing for best adhesion
- Quick release tab for fast and effective release liner removal
- Strongest magnet material available
- Maximum operating temperature 80 °C

Our self-adhesive neodymium (NdFeB) disc magnets are available in two types - one with a North pole visible (/N versions) and one with a South pole visible (/S versions).

If these magnets are used to magnetically attract mild steel surfaces then either the North or the South versions can be used - for note they will give the same pull force as each other.

If these magnets are used to attract to each other, for example to close a cardboard folder, you will need a North pole version to attract a South pole version (unlike poles attract).

Note that the side with the 3M 486 adhesive backing is also magnetic with the polarity opposite to that stated for the magnet (i.e. the North visible version has a South pole on the adhesive side; the South visible version has a North pole on the adhesive side) - this information may be useful to those wishing to hide magnets away in their product (such as folding over - ensure unlike poles are facing each other for attraction between magnets).

Our neodymium (NdFeB) adhesive backed disc magnets are nickel plated unless stated otherwise. Other sizes, shapes, grades and coatings (such as black epoxy) are available upon request. Neodymium adhesive backed disc magnets with higher operating temperatures can be supplied by special request.

## Product Information

Product number	Eclipse Part Number	Material Grade	Diameter mm	Height mm	Polarity	Coating	Holding force kgs	Adhesive Type	Pack size	Product weight per pack g
8112621	N850NRS	N42	6	1	North	Nickel Plated	0.30	3M 468 Adhesive with quick release Tab	50	11.65
8112625	N850SRS	N42	6	1	South	Nickel Plated	0.30	3M 468 Adhesive with quick release Tab	50	11.65
8112634	N851SRS	N42	8	1	North	Nickel Plated	0.40	3M 468 Adhesive with quick release Tab	50	18.76
8112637	N851NRS	N42	8	1	South	Nickel Plated	0.40	3M 468 Adhesive with quick release Tab	50	18.76
8112631	N852NRS	N42	10	1	North	Nickel Plated	0.50	3M 468 Adhesive with quick release Tab	50	30
8112640	N852SRS	N42	10	1	South	Nickel Plated	0.50	3M 468 Adhesive with quick release Tab	50	30
8112643	N853SRS	N42	12	1	South	Nickel Plated	0.65	3M 468 Adhesive with quick release Tab	50	41.66
8112647	N853NRS	N42	12	1	North	Nickel Plated	0.80	3M 468 Adhesive with quick release Tab	50	41.66
8112656	N854NRS	N42	15	1	North	Nickel Plated	0.80	3M 468 Adhesive with quick release Tab	50	67.5
8112659	N854SRS	N42	15	1	South	Nickel Plated	0.80	3M 468 Adhesive with quick release Tab	50	67.5
