Description of Change: This is an advisory notification regarding a standardization of the tape and reel specification for the PowerPAK SO-10LR package (applicable part numbers listed below).

For the -T1 option, the pocket pitch will be increased from 8 mm to 12 mm. As a result, the standard reel pack quantity will be reduced from 3,000 units to 2,000 units.

There is no change to the product design, materials, wafer fabrication, assembly process, or test conditions. Product form, fit, function, quality, and reliability remain unaffected.

This is issued as an advisory PCN due to potential impact on customer handling and pick-and-place processing. No qualification is required.

Reason for Change: Standardization of materials

Expected Influence on Quality/Reliability/Performance: None

Part Numbers/Series/Families Affected: Please see materials list on the succeeding page.

Vishay Brand(S): Vishay Siliconix

Time Schedule:

Start Shipment Date: Monday July 27, 2026

Sample Availability: N/A

Product Identification: affected parts are listed below

Qualification Data: N/A
