

PPS SQ SYSTEM 100% ALUMINIUM NETWORK

PPS SQMM - Straight aluminium fitting with conical male thread for square profile

The straight male threaded fitting for square pipe, crafted from black aluminum treated with cataphoresis, guarantees fast installation, superior reliability, and excellent resistance performance, even in the most challenging industrial conditions

COMPACT, LIGHTWEIGHT, AND EASY TO ASSEMBLE

Transmission of always clean and high-quality air

PRESSURE DROPS ARE VERY LOW THANKS TO A SMOOTH INTERNAL SURFACE, A LOW FRICTION COEFFICIENT, AND A MAXIMUM PASSAGE DIAMETER, THUS ENSURING OPTIMIZED FLOW RATES

- 100% aluminium
- Ergonomics of workstations
- Space saving
- Modularity
- Quality & Safety
- Watertightness guaranteed
- User comfort

IT IS AN IDEAL SOLUTION DESIGNED TO MEET THE RIGOROUS DEMANDS OF MODERN INDUSTRY, ENSURING RELIABLE AND EFFICIENT OPERATION ACROSS DIVERSE SECTORS.

The PPS SQ solution offers modular and scalable configurations, specific for end-uses of a piping network, where in most cases it is necessary to fit to different work stations

| Part number | Material | Male thread | Temperature min/max (°C) | Max. operating pressure | Net weight (Kg) |
|--------------|-----------|-------------|--------------------------|-------------------------|-----------------|
| PPS SQMM2527 | Aluminium | G3/4 | -20.00 / 80.00 | 16.00 | 0,12 |
