RS Pro Pleated Panel Filter, Intrepid Media, G4 Grade, 495 x 622 x 45mm 8

RS Stock No: **730-2845**

Product Details

RS Pro pleated panel filter measures 495 x 622 x 45 mm. This G4 grade filter in white colour, has intrepid media that offers energy savings up to 40%. This disposable filter offers a basic level of filtration or pre-filtration suitable for HEVAC applications. The media is made by bonding the pleat pack of Kimberly Clark G4 (Merv 7) media into a water repellent AquaKote card frame, which has superior dry and wet tear resistance. The patented Kimberly Clark media has a graduated density for even dirt loading which provides greater dust holding and longer filter life. This hydrophobic filter media delivers constant efficiency using its extra natural electrostatic charge, low-pressure drop and continuous fibre construction.
