RS PRO South African 3P type M to Straight IEC C13 plug, 2m

RS Stock No.: 0285097, 0285098

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS Pro a high quality and durable power cable assembly or power cord for connecting an appliance to a South African mains power supply. This power cord is fully equipped with South African 3 pin mains plug on one end and an IEC C13 type connector on the other that connects to the appliance. The power lead features integrated strain reliefs that provide additional protection and support to the connectors. The most common applications include the following:

- Personal Computers and hard drives
- Test equipment
- Power distribution devices
- Server and network equipment
- Instrumentation amplifiers
- IT equipment
