

HDMI

Premium Certified HDMI Cable

The Premium range of HDMI cables are ready for today's Ultra HD products that include features such as 4K 60Hz, BT.2020 and HDR. They have been ATC tested to Premium High Speed HDMI Cables with Ethernet standards and feature a unique anti-counterfeiting authentication label. The cables are tested to the full 18Gbps bandwidth and undergo a full EMI test.

Features

- Supports 3D over HDMI
- HDMI Ethernet Channel
- Audio Return Channel
- HDR (High Dynamic Range)
- 4k x 2k 60Hz Resolution Support
- Available in 1.8, 3, and 5m lengths
- 19+1 Pins
- Gold Plated Connectors
- Cable Braid

Five Top Reasons to Use a Premium Certified HDMI Cable

- 1. Performance and Value.** Premium HDMI Cables are relied upon for higher performance and value, and are the only cables to be tested and certified by HDMI Authorized Test Centers to ensure they support high-bandwidth HDMI 2.0b specification-enabled features.
- 2. Comprehensive Testing.** Cables are tested to the full 18Gbps and with an EMI test, every length of every model line is tested and certified.
- 3. Trust the Cable with the Label.** Only Premium HDMI Cables are allowed to display and promote the official Premium HDMI Cable Authentication Label.
- 4. The Power of Verification.** Anyone can use the HDMI smartphone scanning app to verify the cable's certification and product information.
- 5. Be Future-Ready.** Cables certified under this program ensure installations are ready for today's 4K/UltraHD environment, and are future-proofed for the performance needed when equipment is upgraded or replaced.
