ESD connection point – DK 7752.950

created : 26.08.2014 build on www.rittal.com/uk-en

Product description

Description: Dangerously high potential differences can occur during maintenance or conversion work on the enclosure. To protect sensitive electronic components, this standardised connection point (push-button) provides potential equalisation. The connection point is directly conductively connected to the enclosure frame via two screws.

Material: Sheet steel

Surface finish: zinc-plated

Supply includes: Assembly parts

Packs of: 1 pc(s).

EAN: 4028177325227

Customs tariff number: 73269098

Product features

Weight: 0.04 kg
