

## FEATURES

- **1 m cable length:** Provides flexibility and ease of installation in tight spaces
- **IEC C13 to SEV 1011 connectors:** Ensures compatibility with a wide range of devices
- **10 A current rating:** Supports high-power applications
- **250 V voltage rating:** Suitable for standard electrical systems
- **Grey PVC jacket:** Offers durability and protection against wear
- **Angled mains socket:** Facilitates convenient connections in confined areas

## RS PRO 1m Y Junction Power Cable, IEC C13 to SEV 1011

RS Stock No: 558-954

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO Y Junction Power Cable is designed for efficient power distribution in various electrical setups. With a 1-metre length, it connects IEC C13 to SEV 1011, making it ideal for use in environments requiring reliable power connections. The cable supports a current rating of 10 A and a voltage of 250 V, ensuring robust performance.

## General Specifications

Connector Type A	IEC C13
Connector Type B	SEV 1011
Jacket Colour	Grey
Mains Socket Type	Angled
Product Type	Y Junction Power Cable

## Mechanical Specifications

Cable Length	1 m
Jacket Material	Polyvinyl Chloride

## Electrical Specifications

Current Rating	10 A
Voltage	250 V

## Approvals

Standards/Approvals	CEBEC, D, EAC, FI, ICC, IMQ, KEMA, KEUR, N, NF, OVE, S, Swiss Safety Mark, VDA
