# RS Pro 124 mm Anti-Magnetic Zirconia Ceramic Serrated Tweezers Anti-Acid Solder Resistant

## Product Details

### Zirconia™ Ceramic Tweezers

Insulating, non-biological

Serrated handles

Ideal for use in electronics production and servicing, soldering, laboratories, clean rooms

Ten times more resistant to wear than metal

Corrosion Resistant

Resistant to acids except Hydrofluoric

Temperature resistant to 1000°C

Overall length 124mm

### Caution

Ceramic is a brittle material but if used correctly will give a long working life.

Plastic, Plastic Tipped & Ceramic

ENGLISH

## Specifications

Material	Zirconia Ceramic
Overall Length	124 mm
Point Type	Serrated
Anti-Magnetic	Yes
Anti-Acid	Yes
Solder Adhesion Resistant	Yes
Maximum Temperature	+1000°C
