

A013 Electro 4 in 1

Description

Multi purpose electrical cleaner, moisture displacer, lubricant and corrosion preventative.

- . Removes dirt and grease from electrical components leaving a residual corrosion resistant lubricating film.
- . Contains mineral oils and oxidised waxes.
- . Provides light duty lubrication.
- . Suitable for use in electrical, lubrication, maintenance and repair applications.
- . Can be used in temperatures up to 150°C.
- . Non flammable propellant helps to suppress flammability.
