

FEATURES

- **600 V Voltage Rating:** Suitable for high-voltage applications, ensuring safety and reliability.
- **50 A Load Wire:** Capable of handling significant current, making it versatile for various testing scenarios.
- **20 A Sense Wire:** Provides precise current sensing for accurate measurements.
- **Multiple Colour Options:** Available in black, blue, green, and red for easy identification and organisation.
- **RoHS Compliant:** Meets environmental and safety standards, ensuring responsible use.

RS PRO 600V Test Lead, 50A Load Wire

RS Stock No: 642-989

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO test lead is designed for reliable electrical testing, offering robust performance for various applications. It supports a maximum voltage of 600 V and is ideal for both professional and industrial use, ensuring accurate and safe measurements.

General Specifications

Colour	Black, Blue, Green, Red
Product Type	Test Lead

Electrical Specifications

Current	50 A Load Wire, 20 A Sense Wire
Voltage	600 V

Approvals

Standards/Approvals	RoHS
