RS Pro Chain Oil 137-2029

## **FOOD GRADE CHAIN LUBRICANT**

Ideal for all types of chains and chain driven drive systems. The addition of PTFE to the formulation enhances its lubricating properties

- NSF H1 registered (No. 157739)
- Foams on application to help lubricant cling to chains and penetrate deep into links
- Provides long lasting lubrication and resists corrosion
- Operational Temperature range: -10°C to +165°C
- Fill size: 400ml aerosol
