

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and self-lubricating properties, reducing maintenance needs.
- **12 mm Length:** Suitable for compact spaces while maintaining structural integrity.
- **14.04 mm Outside Diameter:** Ensures compatibility with a wide range of housings and supports.
- **7.98 mm Shaft Diameter:** Designed for precise fitment, enhancing operational efficiency.

RS PRO 12 mm Sintered Bronze Plain Bearing

RS Stock No: 528-262

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient rotational or linear movement in various mechanical applications. Made from high-quality sintered bronze, it offers excellent durability and performance, making it ideal for reducing friction between moving parts.
