## RS PRO Solder Sucker, 200 mm Length

RS Stock No.: 343-7253

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS Pro Solder Sucker de-soldering gun is standard anti-static model, hand operated tool solder pump. The solder sucker pump is a quality tool used to cleanly remove solder plus also providing joint dis-assembly. To assist you in removing solder the solder sucker picks up the debris by sucking it up and when finished you simply remove the debris and waste from the solder pump. This RS PRO solder sucker has a silicone rubber nozzle and the main body of the anti-static de-soldering gun sucker is made from plastic.
