

## FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability
- **75 mm Length:** Suitable for a wide range of applications
- **55.09 mm Outer Diameter:** Ensures compatibility with standard housings
- **44.97 mm Shaft Diameter:** Designed for precise fit and smooth operation

## RS PRO 75 mm Sintered Bronze Plain Bearing, 55.09 mm Outer Diameter

RS Stock No: 594-784

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO plain bearing is designed for high-performance applications where durability and reliability are crucial. Made from sintered bronze, it offers excellent wear resistance and is ideal for use in environments where lubrication is limited. Its compact design allows for efficient operation in tight spaces, making it a versatile choice for various industrial applications.

## General Specifications

Product Type	Plain Bearing
Shaft Diameter	44.97 mm

## Mechanical Specifications

Length	75 mm
Material	Sintered Bronze
Outside Diameter	55.09 mm
