Product Description

RS PRO Pin Gauges Set, 5.0 – 9.98mm, 250pcs

RS PRO high precision pin gauges are suitable for a range of uses, checking hole sizes, slot widths, distance between holes, Go and No-Go size, setting micrometres and other gauges.

To provide an extremely high level of accuracy when measuring holes, the 250 gauges in this set range in diameter from 5.0 mm to 9.98 mm and have increments of just 0.005 mm. The size and tolerance directions are marked on each gauge for ease of identification. The pins are all 2 inches long. For durability, these gauges have been made with fully-hardened HRC 60-62 steel, Surface finish 10 micro inches or better and tolerance direction marked on gauges above 1.28mm. Those are stored in a lightweight carry case to keep them safe and organised.

When you need to determine the size of a hole, this drill hole gauge set from the RS PRO range should be your tool of choice.
