

Features

- **Tool-Free Lockout** – Enables safe isolation of Miniature Circuit Breakers (MCBs) without requiring a screwdriver.
- **Twister Screw Mechanism** – Allows quick and effortless installation directly onto the breaker switch.
- **Brass Pherol Insert** – Provides added strength, grip, and long-term durability.
- **Universal Compatibility** – Suitable for both single-pole and multi-pole MCBs.
- **Padlockable Design** – Can be secured with a padlock (sold separately) to prevent unauthorised breaker operation.
- **Compact and User-Friendly** – Designed for convenient application even in tight electrical panels.

RS PRO Universal Miniature Circuit Breaker Lockout - Yellow with Twister Screw - Set of 6

RS Stock No.: 0710493

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

- *This MCB Lockout Device offers a reliable and tool-free method for isolating most miniature circuit breakers.*
- *Designed for fast installation using a built-in twister screw mechanism.*
- *Reinforced with a brass pherol for superior grip and mechanical strength.*
- *Compatible with most single and multi-pole MCB types used in industrial and commercial panels.*
- *A padlock (not included) can be added to fully secure the device and prevent tampering or accidental activation.*
