Kit of 6 ABS posts with 10 m of chain - weightable base - black/yellow

A set of 6 premium bollards with 10 meters of chain, designed for easily marking off access points, whether temporarily or permanently. The bollards come as a set and have a base that can be filled with water or sand for stability. They are made of ABS and polypropylene, featuring two rings, one with holes and the other with hooks, for hanging chains in four possible directions. Additionally, they have a threaded top for attaching information signs. They are available in various colors, and the information panels are sold separately.
