

Features

- For use as microphone or audiocable
- Durable and resistant to impact
- Black PVC jacket

RS PRO 2 Core Microphone Cable, 0.22 mm², 50m, screened

RS Stock No.: 349-669

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

The RS microphone cable is shielded and provides excellent sound quality with minimal interference. Its robust jacket ensures reliability and durability, making it ideal for professional audio installations. This cable is perfect for various audio applications, whether in the studio or for live performances. Ideal for anyone requiring a high-quality microphone connection.

General Specifications

Cable type	Audiocable
Shielding	screened
Number of cores	2
Cross-section	0.22 mm ²

Mechanical Specifications

Conductor	Stranded bare copper
Structure of conductor	28 x 0.10 mm
Core insulation	Polyvinyl chloride PVC
Colour sequence	Blue, Red
Shield	Bare copper spiral shield
Jacket material	Polyvinyl chloride PVC
Jacket colour	Black
Outer diameter	approx. 5.5 mm
Bending radius dynamic	min. 10 x outer diameter
Temperature range static	-30°C to +70°C
Temperature range dynamic	-15°C to +70°C

Electrical Specifications

Operating voltage	500 V
Testing voltage	1200 V

Capacitance	110 pF/m
-------------	----------

Approvals

Compliance	CE, RoHS, REACH
