

ULTRANITRIL 410

Frequent contact | ultra-comfort wear

Ideal glove for operations where cut & chemical protection are required, with better degradation performance to acids and optimal grip.

SPECIFIC ADVANTAGES

Cut protection

moderate cut protection for safety work

Comfort

- Excellent grip when handling very oily parts that prevents risk from dropping object and reduce muscle fatigue
- Exceptionally comfortable fabric lining, and seamless knit
- Added comfort and flexibility

Durability

INDUSTRIES

Chemical industry

Other industries

industry

Automotive/mechanical

- good mechanical resistance
- great durability and long-lasting use
- excellent abrasion resistance due to the nitrile and pvc coating

Additional benefits

- high-visibility liner to warn the wearer when the chemical barrier is damaged
- reinforced protection of the forearm thanks to its longer cuff
- User traceability on inner boxes and cartons.

CHEMICAL PROTECTION
