NEOTANE®  
TECHNOLOGY

safety first

value for money

increase the wellbeing  
of your staff

hygiene: avoid  
contamination

a unique blend  
of ingredients  
and its innovative  
processing

**NEOTANE® Technology** is the combination of a unique blend of materials and the innovative way of processing it. The high performing NEOTANE® material has been developed based on over 55 years of experience and the feedback from millions of end users. For decades we have been working together with the best equipment suppliers guaranteeing us high quality products made with NEOTANE® Technology.

- 1 Sealed front: strong and impermeable on the outside
- 2 Tiny air bubble structure: light and insulating
- 3 Self-regulating thermal process on the inside

## STEPLITE® FOOD

### fit for any job

"My role is to find cost savings for the factory without making sacrifices on quality or performance. Changing the whole factory to Bekina® Boots I saved 25 % on my budget thanks to their superior durability."

Philippe R.
