FEATURES:

HexArmor[®] set out with the mission of protecting workers from the constant threat of cut injuries while maintaining the dexterity and comfort that is required to perform everyday tasks. Our team was able to develop, through extensive trialing and testing, this revolutionary technology. Our proprietary Coretek[®] blend of fibers creates a high-performance glove structure that is specially designed to house SuperFabric[®]* guardplates, providing industry leading cut resistance on the exterior of the hand while preserving all the dexterity of an ordinary knit glove.

*This product meets the FDA criteria covering safe use of rubber article intended for repeated for both aqueous and fatty foods. Note: the above analyses were performed by the FDA and California Department of Health Services (DOHS) certified laboratories. The above test parameters are hereby certified and confirmed.

ATTRIBUTES:
