The King's Executive safety footwear range combines elegance with modern design, offering an ideal blend of value, comfort, and durability for professionals on the move. Tailored for executives who frequently transition between office and production sites, these shoes offer protection without compromising convenience and style.

Features:

- Stylish and modern design tailored for executives who are always on the go.
- Contoured EVA foam insole: Full-length foam insole for complete support and comfort and ideal for everyday wear and extended work hours; half-length insole targets cushioning and support where it's needed most.
- Non-woven fiber insole board.
- Enhanced lining to reduce abrasion when in contact with the skin.
- Lightweight, single-density polyurethane (PU) sole.
- Excellent slip resistant sole delivers durable traction; SR [EN ISO 20345:2022]; Anti-static.
- Sole resistant to oils and acids/alkalis.

Industry Applications:

- Recommended for indoor/outdoor works. Suitable for light industries.

Storage And Care:

- Footwear should be stored in their original packaging. Keep in an area that is not subject to rapid changes in temperature or humidity levels.

Care Instructions:

- Store shoes in a cool, dry and well-ventilated area after use.
- Remove excess dust or dirt with a brush.
- Remove any marks using a damp cloth and soap if necessary. Polish any grain or pigmented leathers using a commercially available shoe care product.
