

FEATURES

- **Durable Polyvinyl Chloride Foam:** Provides long-lasting protection and resistance to wear and tear.
- **Compact Dimensions:** With a depth of 2.85 m and width of 0.45 m, it fits easily into different workspaces.
- **Thin Profile:** At just 2 mm thick, it offers protection without adding bulk.
- **ESD Protection:** Complies with ANSI-ESD S20.20:2021 standards, ensuring safety for sensitive electronic components.

RS PRO Bench Mat Workbench Accessory, Polyvinyl Chloride Foam

RS Stock No: 625-755

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO bench mat is designed to protect work surfaces and sensitive components from static discharge. Made from durable polyvinyl chloride foam, it is ideal for use in environments where electrostatic discharge (ESD) protection is crucial. The mat's compact size makes it suitable for various setups, including benches, toolboxes, shelves, and drawers.
