

## Features

- 1U Rack
- 16 x 50Ω IBNC
- Cable bar
- Paper identification strip

## RS PRO 16 Port Loaded BNC 1U Patch Panel

RS Stock No.: 196-0769

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This 1U loaded panel has 16 x 50Ω Insulated BNC connectors. The feedthrough style requires no soldering.  
A connector labelling strip is located on the front and a cable strain-relief bar is fitted at the rear. These pre-assembled panels simplify system assembly, reduce manufacturing time, component count and cost.  
Note: Functionality is affected by cable quality, length and cable wiring configuration.

General Specifications

Type	Loaded Rack
No of Ports	16
Rack Height	1U
Connector Type	50Ω Insulated BNC

Mechanical Specifications

Rack Material	Steel, Black finish
Connector Material	Zinc diecast frame, black finish
