RS PRO Heavy Duty Connector Inserts & Modules

RS Stock No.: 0192625

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

The RS Pro Heavy-Duty Connector series is a full range of heavy-duty inserts, housings, crimps and accessories. The inserts are all made from Polycarbonate to industry standards and are available in a choice of screw, crimp or spring clam terminations. Modular inserts allow for maximum versatility when designing a system. They are designed to operate in harsh conditions or where high vibration can cause standard connectors to fail. This makes them ideal for food & beverage manufacturing, packaging machines, conveyor belt systems, railway and many others.
