Product Description

ESD WIRES HOLDER – SAFE CABLE MANAGEMENT FOR ESD WORKSTATIONS

Wires holder is a sturdy and practical solution designed for organizing and routing cables at workstations with ESD protection. Available in four sizes to fit table widths from 1200 mm to 2000 mm.

Made from 1 mm thick construction steel, the holder offers durability and strength with a maximum load capacity of 10 kg. The product comes in light grey (RAL 7035), allowing for an aesthetically pleasing fit with any workstation setup.

The RT-WH/ESD wires holder ensures safe and tidy cable management, reducing the risk of damage and improving workspace ergonomics in environments that require electrostatic discharge protection.

Accessories compatible with L & H Type workbenches
