

Insertion Tools

Insertion tool (2AN, 2AB)

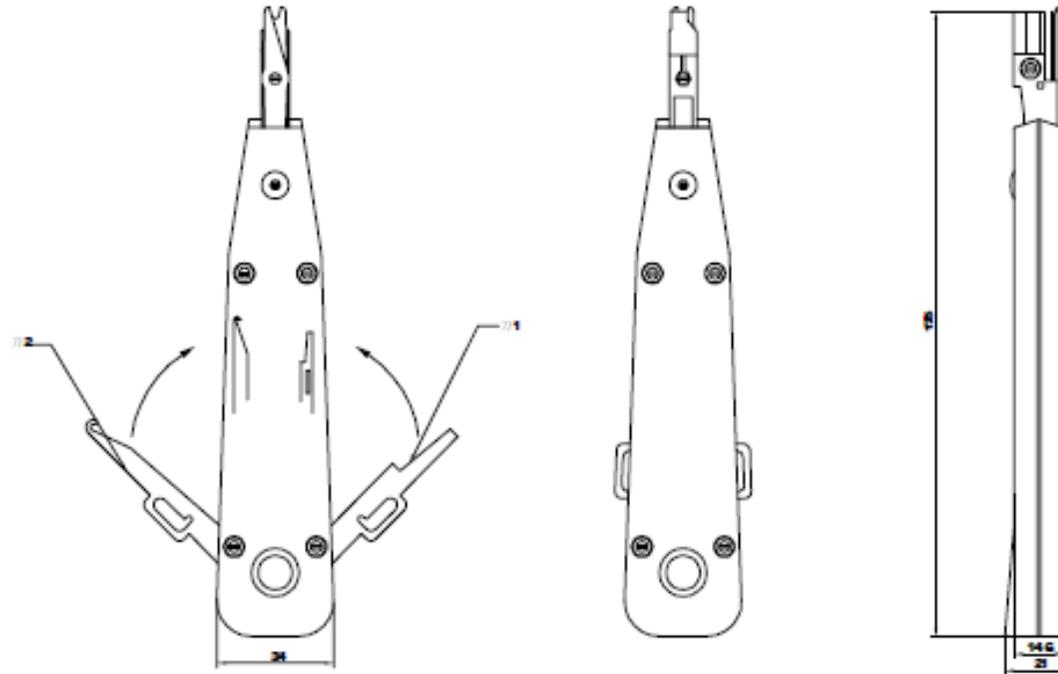

Designed to be used on LSA+ type, 110A IDC termination contacts.

Features

- Terminates and crops excess wire simultaneously
- Integral wire extraction hook
- Robust design suitable for system installation
- OEM available for re-branding or re-design
- Enhanced anti-vibration features ensure a lifetime of at least 10,000 terminations
- Available in grey (2AN) and blue with logo (2AB)

Specifications

- Moulded plastic housing
- Strengthened nylon head
- Hardened manganese steel jaws
- 32.5mm x 175mm x 20mm approx

2AN

Technical Data:

1. Housing: ABS
2. Head: Nylon & 62 Manganese Steel, secured with anti vibration nut
3. Spring: Stainless Steel
4. Other metal: 62 Manganese Steel
5. Nuts and Bolts material: S235JR
6. Insulation resistance: about 1,000 MegaOhm
7. Operating temperature: between - 25 degrees C. and 70 degrees C.
