

Features

- Plastic Cap w/ Plastic Chain
- For C1 Screw Panel Mount
- For use with DC power panel mounts and other C1 mounts

RS PRO Circular Connector Accessories

RS Stock No.: 0707077

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

A C1 plastic cap for panel mounts is used to cover and protect exposed panel mount components, such as switches or connectors. It prevents dust, moisture, and debris from entering the mount, ensuring reliable operation. The cap also enhances safety by covering live terminals and provides a neat, professional panel appearance.

General Specifications

Cap Material	Thermoplastic
Rubber Pad Material	Silicone
Plastic Chain	Thermoplastic
Tapping Screw Material	Stainless Steel

Mechanical Specifications

Size	C1
Durability	Screw type 500 type 200 cycles insertion/extraction cycles at a maximum rate of 200 cycles per hour.
Thermal Shock	5 cycles at -40° / +105°, after the test, the function and appearance can't be impacted

Operation Environment Specifications

Operating Temperature	-40°C to +80°C
-----------------------	----------------

Protection Category

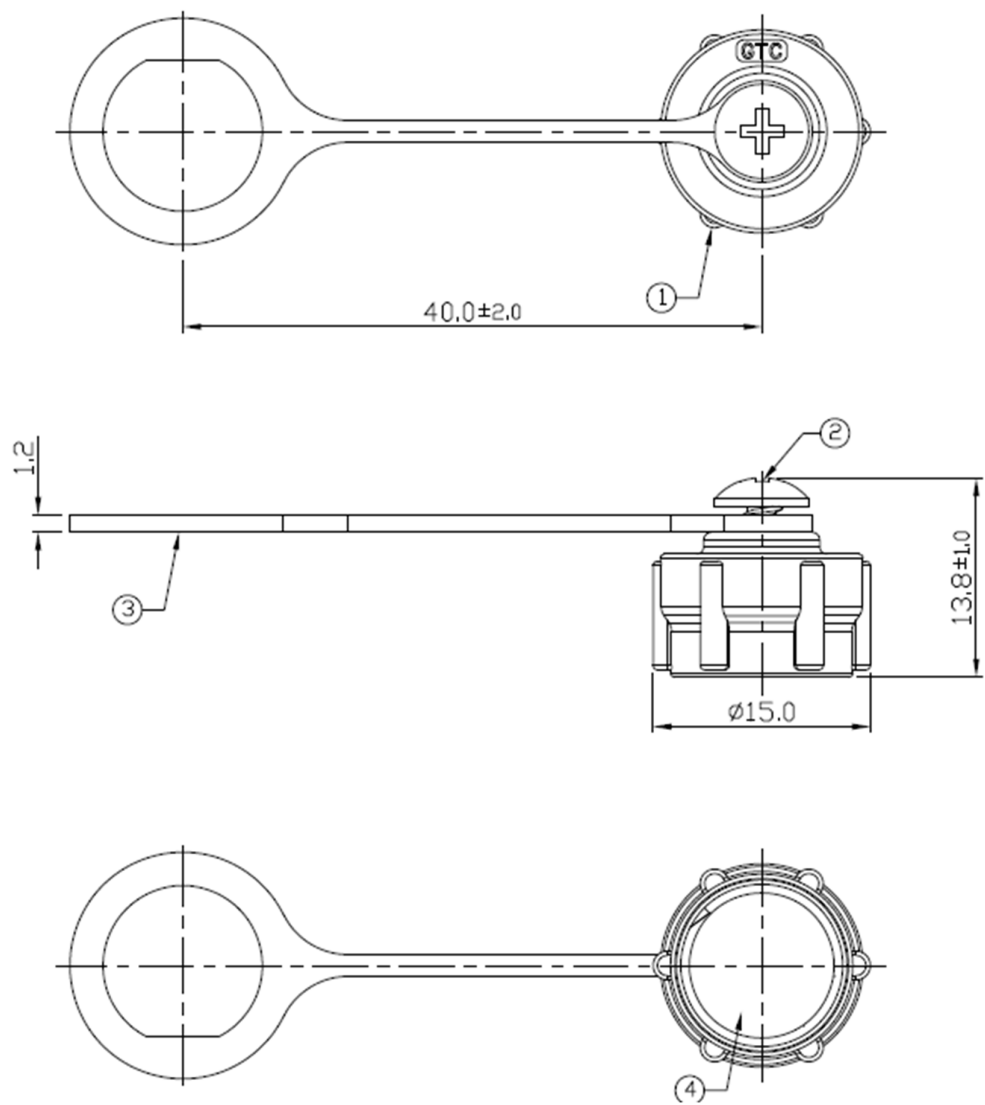

IP Rating	IP67
Waterproof Test	Submersion in water 1 meter for 30 minutes.

Used with

Micro SD Panel Mounts	0707059 & 0707062
-----------------------	-------------------

Approvals

Compliance/Certifications	RoHS
