RS Pro Gas Blow Torch Nozzle Butane Gas

RS Stock No: **467-450**

Product Details

RS Pro gas blow torch nozzle has a piezo electronic ignition system that supports butane gas. It has a rear control knob for adjusting flame size. The air mixture control selects flame intensity. This gas blow torch nozzle is suitable for silver soldering and light brazing. The torch will stand on its removable base for hands free operation. It has an optional soldering iron or flameless hot-air nozzle for heat shrinking.

Features and Benefits

- Piezo electronic ignition system
- Rear control knob selects flame size, air mixture control selects flame intensity
- Ideal for silver soldering, light brazing etc
- Torch can stand on its removable base for hands free operation
- Optional soldering iron or flameless hot-air nozzle for heat shrinking

Specifications:

Category	Nozzle
For Use With	Butane Gas
