

## Features

- High quality drills
- I bit and easy to enlarge holes
- One tool that can drill various sizes.
- Reduced vibration.
- Faster drilling rate
- Available in sizes

## RS PRO HSS Step Drill Bit 5mm x 35mm

RS Stock No.: 123-8511

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

### RS PRO High-Speed Steel (HSS) Step Drill Bits

RS PRO range of HSS step drill bits offers advantages over conventional drilling and cutting methods and can be used for many different industrial applications. The cone shape unique design of the RS PRO step drill bits allows various popular hole sizes to be drilled with just one tool.

### Application Information

Step drill bits are typically used in electrical, plumbing and HVAC applications. They are used for drilling multiple sized holes without the need to frequently change bit sizes. They are compatible with corded or cordless power tools. RS PRO HSS step drill bits are the ideal choice for all your drilling in industrial applications.
