

## FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability, ensuring a long service life.
- **25mm Length:** Suitable for applications requiring compact and efficient bearing solutions.
- **28.05mm Outside Diameter:** Designed to fit standard housings, facilitating easy installation.
- **21.98mm Shaft Diameter:** Ensures a precise fit for optimal performance and reduced vibration.

## RS PRO 25mm Sintered Bronze Plain Bearing, 28.05mm OD

RS Stock No: 528-333

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various industrial applications. Made from high-quality sintered bronze, it offers excellent durability and performance. Ideal for use in machinery where low friction and wear resistance are essential, this bearing ensures reliable and long-lasting service.

## General Specifications

Product Type	Plain Bearing
Shaft Diameter	21.98 mm

## Mechanical Specifications

Length	25 mm
Material	Sintered Bronze
Outside Diameter	28.05 mm
