RS PRO ESD Monitor Holder

RS Stock No.: 0687747

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

ESD MONITOR HOLDER – a durable and ergonomic LCD monitor mounting solution for ESD workstations

ESD MONITOR HOLDER is a professional solution for mounting LCD monitors, specifically designed for workstations in production and service environments. It is engineered for use in electrostatic discharge (ESD) protected areas, providing reliable protection against electrostatic discharges and safeguarding sensitive electronic components.

The holder features high-quality construction, durability, and an ergonomic design. It allows for convenient adjustment of the monitor's position, enabling customization to suit user preferences and the nature of the task. With its modern finish and compliance with stringent quality standards, the 0687747 is an essential component of a professional workstation, combining functionality with safety.

Accessories compatible with L & H Type workbenches 1200/1500/1800/2000
