## RS Pro Black Self Amalgamating Tape

RS Stock No: **494-708**

### Product Details

RS Pro butyl rubber-based self amalgamating tape in black colour, is suitable for insulation, filling voids and irregular shapes in joints. The tape measures 38 mm x 10 m. This tape provides moisture-proof seals on telecommunication cables, insulation and cable sheaths, joints and terminations and for split bolt connections.

### Features and Benefits

- Butyl rubber-based self amalgamating tape
- Excellent conformability, easily compressed and moulded by hand
- Will not corrode copper
- Dielectric strength: 16 kV/mm
- Measures 38 mm x 10 m

**Specifications:**

Application	Telecommunications, Insulation & Cable Sheath, Joints & Terminations, Split Bolt Connection
Backing Material	Butyl Rubber
Colour	Black
Breakdown Voltage	16000 V
Length	10 m
Maximum Operating Temperature	+80°C
Minimum Operating Temperature	-30°C
Tensile Strength	3 N/cm
Thickness	1 mm
Width	38 mm
Operating Temperature Range	-30 to +80°C
