

FEATURES

- **Sintered Bronze Material:** Provides high strength and wear resistance, ensuring long-lasting performance.
- **20 mm Length:** Suitable for compact installations where space is limited.
- **22.05 mm Outside Diameter:** Ensures compatibility with a wide range of housings and supports.
- **15.98 mm Shaft Diameter:** Designed for precise fit and optimal performance with standard shafts.
- **Low Friction:** Minimises energy loss and heat generation, enhancing efficiency.
- **Self-Lubricating:** Reduces maintenance requirements and extends service life.

RS PRO 20 mm Sintered Bronze Plain Bearing

RS Stock No: 528-975

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical applications. Made from sintered bronze, it offers excellent durability and reduced friction, making it ideal for use in machinery where reliability is crucial.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	15.98 mm

Mechanical Specifications

Length	20 mm
Material	Sintered Bronze
Outside Diameter	22.05 mm
