

# LONG TOOL HOLDER | TB-B1-A-54

The ToughBuilt® StackTech® Long Tool Holder is engineered for Pros to build a system unlike any other and customise it to the needs of every trade.

The StackTech Long Tool Holder is a convenient upgrade to your workspace organisation. It is compatible with both StackTech Tool Box Accessory Rails and ToughBuilt Garage Organisation Steel Slot Tiles, allowing you to easily move the Holder along with your tools between the workshop and the job site. For added convenience, quick-release buttons make repositioning the Long Handle Tool Holder effortless. Thanks to its dual-support design, the Holder offers adjustable spacing between the supports, ensuring a secure fit for long-handled tools and levels of varying lengths. Increase your efficiency and productivity by adding the StackTech Long Handle Tool Holder to your StackTech tool box or Garage Organisation setup.
