

## 54V XR 305mm Slide Mitre Saw kit

DCS781X2-QW

Exceptional runtime performance is achieved through a combination of blade, brushless motor design and regenerative braking technology

AirLock compatible dust extraction provides cleaner and safer jobsites  
Wireless Tool Control allows direct connection to a compatible vac, which provides increased runtime and improves efficiency

XPS Shadow line cut indicator provides fast accurate alignment of the blade while illuminating the work piece for increased productivity no adjustment required

Compact and lightweight design characteristics deliver a saw with application focused capacities which is easy to transport around the jobsite
