

## FEATURES

- **Sintered Bronze Material:** Offers excellent wear resistance and self-lubricating properties, reducing maintenance needs.
- **25 mm Length:** Suitable for applications requiring compact and efficient bearing solutions.
- **15.04 mm Outside Diameter:** Ensures compatibility with a wide range of housings.
- **11.98 mm Shaft Diameter:** Designed to fit standard shaft sizes, ensuring easy integration.
- **Plain Bearing Design:** Provides a simple and cost-effective solution for reducing friction in rotating applications.

## RS PRO 25 mm Sintered Bronze Plain Bearing

RS Stock No: 528-289

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO sintered bronze plain bearing is designed for smooth and efficient operation in various mechanical applications. It provides reliable support for rotating shafts, reducing friction and wear, which enhances the longevity of machinery.

## General Specifications

Product Type	Plain Bearing
Shaft Diameter	11.98 mm

## Mechanical Specifications

Length	25 mm
Material	Sintered Bronze
Outside Diameter	15.04 mm
