

FEATURES

- **10m cable length:** Allows for extended reach in installations, reducing the need for additional cables.
- **DB9 connectors:** Ensures compatibility with a wide range of devices using DB9 interfaces.
- **Male to Female configuration:** Facilitates easy connection and extension of existing setups.
- **Grey jacket colour:** Provides a neutral appearance suitable for various environments.
- **9 contacts on each end:** Supports full data transfer capabilities for DB9 connections.
- **Standards compliant:** Meets ANSI-ESD S20.20:2021, CE, REACH, RoHS, and UKCA standards for safety and reliability.

RS PRO 10m DB9 Extension Cable, Male to Female

RS Stock No: 555-843

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO 10m DB9 Extension Cable is designed to extend the reach of your existing DB9 connections, providing a reliable solution for data transfer and communication applications. With a robust construction and compliance with key standards, it ensures durability and safety in various industrial environments.

General Specifications

Connector Gender A	Male
Connector Gender B	Female
Connector Type A	DB9
Connector Type B	DB9
Jacket Colour	Grey
Number of Contacts A	9
Number of Contacts B	9
Product Type	Extension Cable

Mechanical Specifications

Cable Length	10 m
--------------	------

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, CE, REACH, RoHS, UKCA
