

Nex - Unified discs with backing
Unified discs with backing Nex-114.3x12.7x22.225#FINE

Artical Number: 66261020546

EAN: 3157629185223

Description

Unique compacted structure design offers material removal while imparting a final smear free finish. Ideal for deburring, edge breaking, blending, cleaning and polishing. Durable construction for fast, economical surface preparation. Can be used in sequence with, fibre and flap discs, to de-burr, blend and impart great finishes in one or two operations.

Features

Fine silicon carbide & flexible 2 density Unitised construction
Wide range of solutions for finishing ferrous and non-ferrous materials
Modified resin system
Undersized backing plate

Benefits

Excellent for fine, consistent satin finish
Longer life and more parts per disc resists loading
Cuts more freely and with less heat than competitor products
Longer usable diameter

Application Data

Material Application: STEEL
Machine: Right-Angle Grinder
Process: Blending
Equipments:
