

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and longevity.
- **1/2 Inch Length:** Suitable for a wide range of applications, offering versatility.
- **0.5 Inch Outside Diameter:** Ensures compatibility with standard housings.
- **0.37 Inch Shaft Diameter:** Designed for optimal fit and function with compatible shafts.

RS PRO 1/2 in Plain Bearing, Sintered Bronze

RS Stock No: 528-080

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO offers a robust 1/2 inch plain bearing made from high-quality sintered bronze. This plain bearing is designed to provide reliable performance in various industrial applications, ensuring smooth operation and reduced friction in machinery. Its primary benefit is its durability and ability to withstand heavy loads, making it ideal for demanding environments.
