Product Description

The Comfort ESD Chair is a practical solution for environments where electrostatic protection is essential and long-term use is expected. Its ergonomic design and high-quality construction provide comfort and safety throughout the working day.

Product Features:

- ✓ **Soft ESD-safe surface** – ensures user comfort and helps safely discharge static electricity
- ✓ **Adjustable seat height, seat depth, and backrest height** – allows for personalized adjustment to individual needs
- ✓ **Sturdy aluminum five-star base** – offers excellent stability and long-lasting durability
- ✓ **Conductive castors** – rubber-coated to protect floors and maintain effective ESD control
- ✓ **Easy-to-clean surface** – resists dirt and wear, simplifying daily maintenance
- ✓ **Ergonomically shaped seat and backrest** – support a natural sitting posture and enhance comfort during extended use

Applications:

The Comfort ESD Chair is well-suited for service centers, production areas, and other environments where ESD control is a priority. Its ergonomic construction and durable materials make it a reliable choice for daily use across industries such as electronics, automotive, general manufacturing, medical, pharmaceutical, and defense.
