## Features

- 3:1 shrink ratio
- Medium wall provides increased mechanical protection
- Adhesive bonds to a wide variety of plastics, rubbers, and metals including polyethylene, aluminium, steel, and copper
- Operating temperature -55°C to 110°C
- Dielectric strength of 12 kV/mm

# RS PRO PLDW 100-LC

**RS Stock No.: 0731147, 0758118, 0758119**

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

## Product Description

RS Pro PLDW100-LC is a 3:1 shrink ratio, general purpose, flexible, polyolefin tubing with a thermoplastic adhesive inner liner. The inner liner will melt and flow to environmentally seal and protect components and interconnections. PLDW100-LC 3:1 environmentally seals and protects a wide variety of electrical applications. It has a high expansion ratio for cable jacket repair without moving connectors. PLDW100-LC 3:1 also offers strain relief and mechanical protection.
