Cable Assemblies peeling

Dear Sir or Madam,

we continually strive to improve our products. Therefore we are taking constantly direct measures to improve our product range.

We like to inform you that (valid for all cable assemblies produced by Amphenol PCD) the peeling of the shielded cable will be kept without cutting. This will improve production efficiency and reduces the waste of cable copper wires. For further information please refer to

ECR R6856W.

With best regards,

Amphenol-Tuchel Industrial GmbH

Vanessa Kristian
