## Product Description

**RS PRO Magazine Box – 256 x 180 x 22 mm**  
**Designed for Tool Trolley (Article No. 291924)**

*The RS PRO Magazine Box is a durable and practical accessory designed for organized storage and protection of paper, parts, accessories, and other lightweight items within your workplace. Measuring 256 x 180 x 22 mm, this magazine box is constructed from robust A3 steel and features a sand-blasted surface for enhanced durability and a modern look. The box is engineered to integrate seamlessly with the RS PRO Tool Trolley (Article No. 291924), helping you keep your essential items tidy and easily accessible.*

*This magazine box is ideal for holding documents, instructional manuals, spare parts, small accessories, and similar materials. By providing a designated place for such items, it helps reduce desktop clutter and prevents loss or damage to important papers and components. The sturdy construction also guards stored items against workplace wear and tear.*

*Key Applications:*

- Workshops & Technical Service Areas
- Industrial & Laboratory Environments
- Warehouses & Assembly Lines

*The RS PRO Magazine Box (256 x 180 x 22 mm) is an essential accessory for anyone seeking efficient organization of papers, parts, and accessories in a busy environment. Built from robust steel with a non-slip, sand-blasted finish, it provides reliable storage as part of the RS PRO Tool Trolley (Article No. 291924), helping maintain a tidy and functional workspace wherever you are working.*
