Datasheet

1/2 in Square Drive Mechanical Torque Wrench, 10 → 200nm

RS Stock number [542-3414](#)

Description

- RS Window Setting Torque Wrench
- Dual scale (Nm/lb-ft) with torque adjusted by knob on the handle end
- Ratchets have round head and black shifter cap
- Black rubber no slip grip for improved handling
- Accuracy $\pm 4\%$ from 20% to full scale
- Ratchet head is specifically designed for torque wrenches with more material in high stress areas
- Enclosed head design with 10 degree ratcheting arc seals out contaminants for improved performance and longer life

Specifications

Accuracy	4 %
Drive Shape	Square
Drive Size	1/2 in
Overall Length	525mm
Torque Range	10 → 200Nm
Type	Mechanical
