

Product Highlights:

- High-speed performance—leverages UHS-II technology (U3) for a read transfer speed up to 2000x (300MB/s)*
- Includes SD UHS-II reader for high-speed file transfer from card to computer, dramatically accelerating workflow**
- Captures high-quality images and stunning 1080p full-HD, 3D, and 4K video with a DSLR camera, HD camcorder, or 3D camera
- Includes lifetime copy of downloadable Image Rescue® software to recover most photo and select video files***
- Backwards compatible with UHS-I devices
- Backed by expert technical support and a limited lifetime warranty

Capacities:

SDHC
32GB

SDXC
64GB
128GB

Quickly capture and transfer high-quality photos and 1080p full-HD, 3D, and 4K video

Lexar® Professional 2000x SDHC™/SDXC™ UHS-II cards let you quickly capture and transfer high-quality photos and 1080p full-HD, 3D, and 4K video, with a read transfer speed up to 2000x (300MB/s).* The cards leverage UHS-II technology (UHS Speed Class 3 (U3)) for high-speed performance. This dramatically accelerates workflow from start to finish, so you can save time and get back to the business of photography.

Improve capture, transfer, and workflow

High-speed performance you can trust. Whether you're a professional photographer, videographer, or enthusiast, Lexar® Professional 2000x SDHC™/SDXC™ UHS-II cards provide performance you can trust. These high-speed cards leverage UHS-II technology (UHS Speed Class 3 (U3)) and provide a read transfer speed up to 2000x (300MB/s) when used with the included SD UHS-II reader. For versatility, the cards also work with UHS-I devices at UHS-I speeds, and they're backwards compatible with older cameras and readers, performing at Class 10 speeds when used with non-UHS devices.

Quickly transfer files with included SD UHS-II reader, dramatically accelerating workflow. The Lexar Professional 2000x SDHC/SDXC UHS-II cards come with an SD UHS-II reader for high-speed transfer of files.** This dramatically accelerates your workflow from start to finish, getting you back behind the camera faster.

Shoot high-quality images and 1080p full-HD, 3D, and 4K video. Using a DSLR, HD camcorder, or 3D camera, you'll be able to leverage the latest photo and video features available for shooting high-quality images and stunning 1080p full-HD, 3D, and 4K video.

Recover files with Image Rescue® software. Professional 2000x SDHC/SDXC UHS-II cards include a lifetime copy of Image Rescue® software. Image Rescue recovers most photo and select video files, even if they've been erased or the card has been corrupted.*** The software is available for free download with purchase of the card.

Warranty and support. All Lexar Professional line memory cards come with a limited lifetime warranty and are backed by expert technical support.

Outstanding compatibility. The Lexar team works with major camera manufacturers to ensure cards are compatible with their digital cameras—from the simplest to the most complex.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

When memory matters, the choice is Lexar. With a long history in the industry, we know memory. We move quickly with technology to design the solutions you need, and work with device manufacturers to make sure our products are compatible. Then we stand behind them with outstanding warranties and helpful customer service. We're dedicated to performance, reliability, and expert support, so when it comes to storing the memories that matter, trust Lexar.

For more than 15 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and storage drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.®

*Up to 300MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary. x=150KB/s.

**Highest transfer speeds achieved only when paired with an SD UHS-II reader.

***Image or other data recovery is not 100% guaranteed.

Limited lifetime warranty is limited to 10 years from purchase in Germany.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
