## ICY BOX **IB-CR302-CU3** 4-port card reader

### Multi-card compatibility

This card reader supports a wide range of multimedia cards, including SD, SDHC, SDXC, microSD, micro SDHC, micro SDXC, MS, MS Pro, MS Duo, MS Pro Duo, and Compact Flash. With support for card capacities of up to 2 TB, it accommodates various storage needs, from everyday data backups to professional media storage requirements.

### Compact design

Measuring just 67.98 mm x 56.98 mm x 15.6 mm, the IB-CR302-CU3 is compact and lightweight, making it easy to carry in your notebook bag, camera case, or backpack. Its portable design is perfect for photographers, travelers, and anyone who needs reliable access to their multimedia cards on the go. Despite its small size, the card reader is robustly built to withstand frequent use and transportation.

### Integrated cable

The integrated 50 cm cable eliminates the need for additional cords or adapters, providing a tidy and streamlined solution for connecting the card reader to your computer or notebook. This built-in cable design enhances portability by reducing clutter and ensuring that you always have the necessary connection without searching for or carrying extra cables.
