

# Temp-Cook 476

## DESCRIPTION AND GENERAL PROPERTIES

- **Material** Nitrile
- **Length (cm)** 45
- **Colour/Color** White
- **Interior finish** Knitted thermal protection
- **Exterior finish** Embossed texture
- **Size / EAN** 9 11 12
- **Packaging** 1 pair/bag - 6 pairs/carton
- **Complementary information** Guaranteed without silicone

## PERFORMANCE RESULTS

Certification category 3

CE 0334

111

X2XXXX

AJKL

4443

Suitable for use with all types of food according to the European Directive CEE 1935/2004. It is particularly suitable for removing items from the oven, in biscuit making and bread-making, as well as taking out of the oven and presentation of dishes in the catering industry.

## SPECIFIC ADVANTAGES

- The white/cream colour coding meets the catering industry clothing standards
- Thermal protection up to 150°C
- Interior and exterior of gloves washable for improved hygiene
- Resistance to oils, greases and principal detergent products

## MAIN FIELDS OF USE

### Bakeries

- Removing trays from ovens

### Food industry

- Pre-cooking

### Catering industry

- Removing hot dishes from ovens (wet or dry)
  - Removing dishes from warming ovens
  - Removing objects from autoclaves or steam ovens
- ### Local Authorities (Catering Services)
- Removing hot dishes from dry or wet ovens
  - Removing items from autoclaves and steam ovens

## INSTRUCTIONS FOR USE

### Instructions for use

- It is recommended to check that the gloves are suitable for the intended use, because the conditions of use at the workplace may differ from the « CE »-type tests (particularly mechanical and/or chemical properties), according to temperature, abrasion and gloves wear.
- Put the gloves on dry and clean hands.
- Ensure the inner part of gloves is dry before putting them on again.
- Glove compatible with surfactant hand washing lotions.
- In case of burning sensation due to a sustained use, remove hands immediately from the heat source and take off the gloves. Alternate between 2 pairs where sustained use is necessary.
- Inspect the gloves for cracks and tear damage before reusing them.
- It is not recommended for persons sensitized to dithiocarbamates or thiazoles to use these gloves.
- Do not use these gloves next to moving machinery.

### Storage conditions

Store the gloves in their original packaging protected from light, humidity and heat

### Laundering conditions

- Exterior of the glove washable under running water and soap, using a general household cleaner to wash dirty gloves, then wipe them with a dry cloth.
- It's also possible to wash the glove in a washing machine à 40°C with standard detergent but a long and delicate drying is recommended
  - Partially turn the glove inside out to the wrist
  - Place the glove vertically on a grill
  - Leave to dry for several hours in a hot air oven at 60°C maximum
- If the drying of the glove is not complete, then the glove can develop bad smell due to bacteriological development.

Caution : improper use of the gloves or submitting them to a cleaning or laundering process not specifically recommended may alter their performance levels.

### Drying conditions

Do not tumble dry

### Food contact US

FDA 21CFR 177.2600

## LEGISLATION

This product is not classified hazardous according to the regulation (EC) n°1272/2008 of the European Parliament and of the Council. This product does not contain more than 0.1 % of substance of very high concern (SVHC) or any substance included in the annex XVII of the regulation n° 1907/2006 of the European Parliament and of the Council (REACH).
